Unfortunately, this is not really a problem at all, because you can fix this. However, I think it might be easier just to log into Steam and update it that way. { "required" : true, "\$schema" : "", "type" : "object", "properties" : { "id" : { "type" : "number", "required" : true }, "content" : { "type" : "array", "required" : false, "items" : [{ "type" : "object", "required" : false, "properties" : { "id" : { "type" : "number", "required" : true }, "f678ea9f9e
